Staying Safe

- Always handle needles with care—they're sharp and should be treated gently.
- Take your time with each stitch. There's no need to rush!
- If you have a thimble, wear it to protect your fingertips while sewing.
- Keep needles away from little kids, pets, and bare feet.
- When you're done sewing, store your needle safely in its case or pin cushion.
- If a needle breaks, look around carefully and throw away all the broken pieces right away.
- If you accidentally poke your skin, gently clean the spot and put on a bandage.
- These felt treats are just for fun and decoration—not for small children to play with.
- If your project gets a little messy, gently clean it with a damp cloth and warm water.
- Never put your felt creations in the washing machine—it can ruin the fabric.
- The supplies in this kit are made just for felt—please don't use them on other materials.

Included In Your Bread KIT

4 Slices of Bread
Thread
3 Sewing Needles

Needle Threader
4 Straight Pins

Take one piece of bread and one long brown crust. Blanket stitch them together all the way around. Note: If the crust piece is too long snip it to size.

Blanket stitch the seam of the crust closed.

Add the second piece of bread to the back and blanket stitch around the edges, stopping when about 3/4 of the seam is closed.

Add stuffing, then finish blanket stitching to close the project.
