Whole Tomatoes

Staying Safe

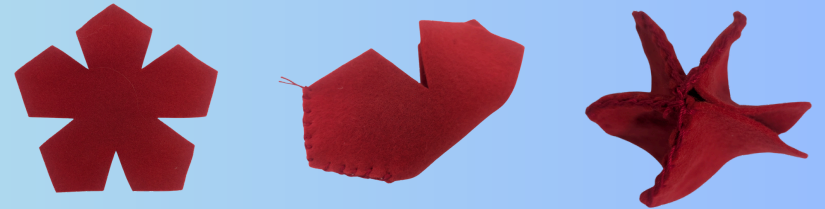

- Always handle needles with care—they're sharp and should be treated gently.
- Take your time with each stitch. There's no need to rush!
- If you have a thimble, wear it to protect your fingertips while sewing.
- Keep needles away from little kids, pets, and bare feet.
- When you're done sewing, store your needle safely in its case or pin cushion.
- If a needle breaks, look around carefully and throw away all the broken pieces right away.
- If you accidentally poke your skin, gently clean the spot and put on a bandage.
- These felt treats are just for fun and decoration—not for small children to play with.
- If your project gets a little messy, gently clean it with a damp cloth and warm water.
- Never put your felt creations in the washing machine—it can ruin the fabric.
- The supplies in this kit are made just for felt—please don't use them on other materials.

Included In Your Whole Tomatoes Kit

- 2 Whole Tomatoes
- Thread
- Stuffing
- 3 Sewing Needles
- Needle Threader

Blanket stitch along each edge using red thread, leaving an opening on the final edge for stuffing.

Add Stuffing

Finish by blanket stitching the opening closed.

Using green thread, add running stitch details around the leaf.

Attach the leaf to the top of the tomato using a single stitch.
